**STATEMENT OF RESULTS AND MAPS
BY
POLLING SUBDIVISION**

The following data has been extracted directly from the Returning Officer's "Statement of Official Results" for each of the eighty-three Electoral Divisions. Each table displays the number of ballots cast for each candidate together with an accounting of the number of eligible electors and the validity of their ballots.

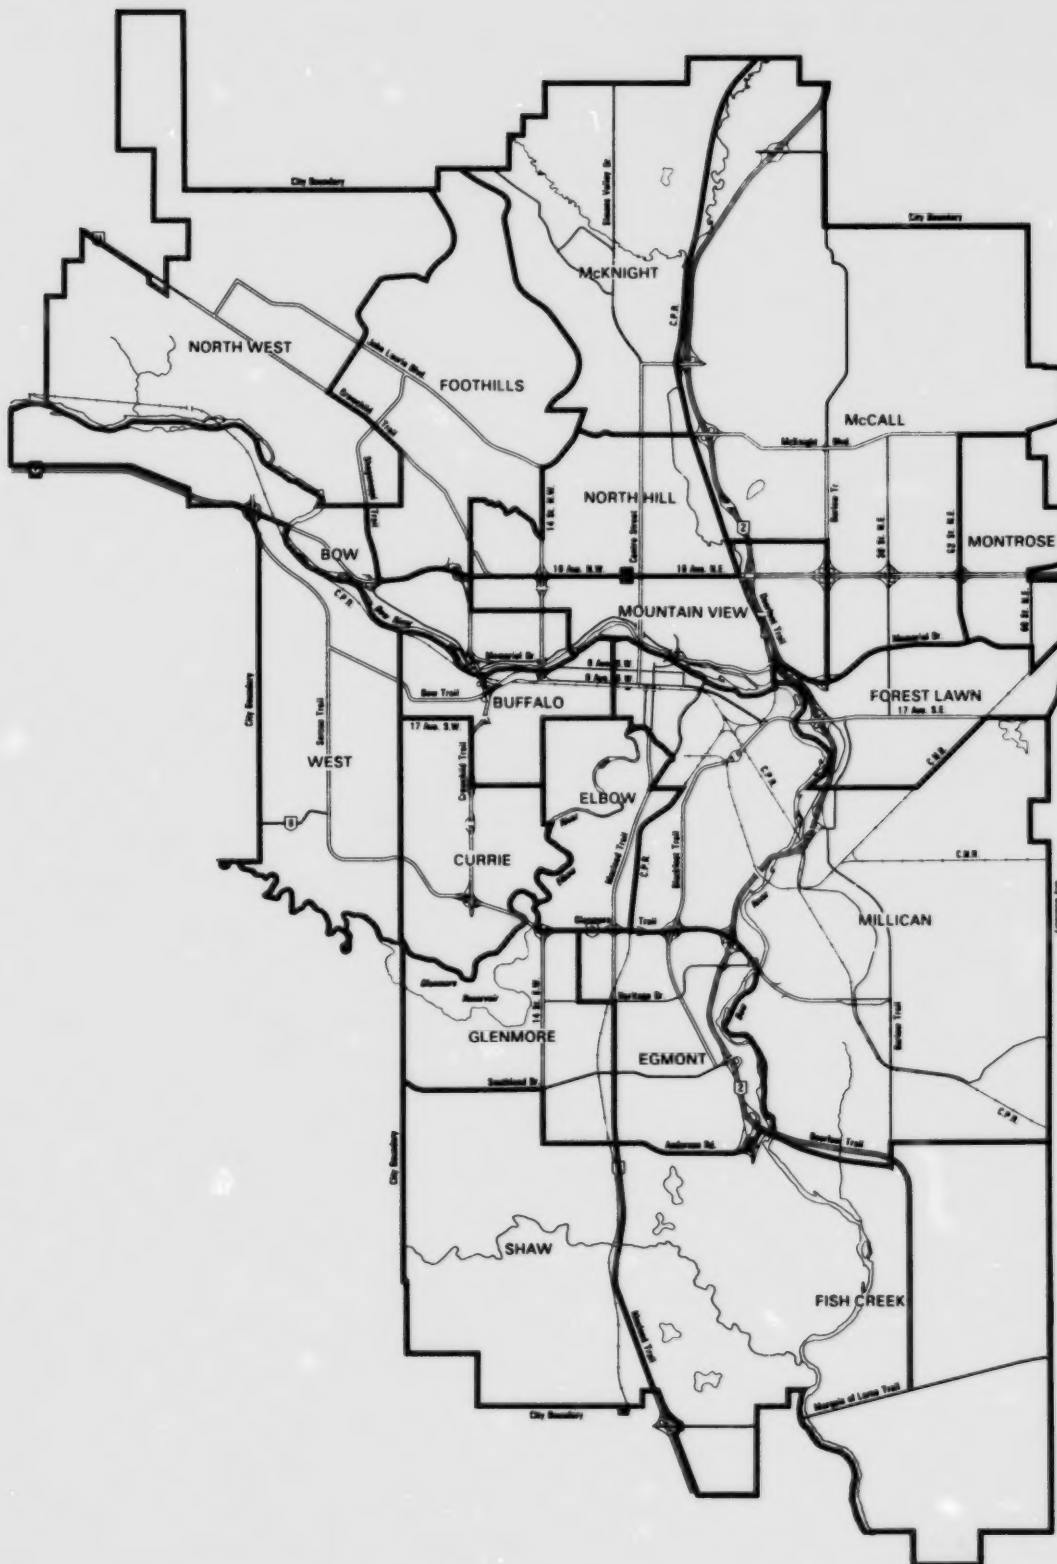

The Polling Subdivision numbers refer to the geographic area identified on each of the maps within that Electoral Division. The maps are similar to those used in the general election advertising published throughout the Province. Pages F2 through F6 are maps of the Electoral Divisions relative to one another in the Province, as well as the urban areas with more than one Electoral Division. Subsequent tables are presented in alphabetical order by Electoral Division.

Names of Candidates are recorded as they appeared on the ballot. Political Party abbreviations have been shown in the "Overview" on Page One of this Report.
